PROJECTS

Palm Oil Monitoring System for Kilang Sawit Panji Alam

Collaboration with Kilang Sawit Panji Alam, Kemaman, Terengganu

- An ongoing final year project developing a full-stack, role-based web application for palm oil mill operations using PHP and MySQL.
- Implementing five user dashboards covering supplier management, FFB ordering, delivery scheduling, weighing and production recording.
- Designed a relational MySQL database with 10+ tables and foreign key constraints, ensuring data integrity across the entire supply chain workflow.

Price Prediction Analysis for PK Benz Auto Service Centre

Collaboration with PK Benz Auto Service Centre

- Developed an insightful and interactive Power BI dashboard to predict spare part and component prices, enhancing inventory and decision-making processes.

Predictive Modeling for Early Diagnosis of Thyroid Disorders Using Classification

- Conducted data mining and predictive analysis using WEKA on the Hypothyroid dataset, including data cleaning, transformation, outlier handling and attribute reduction.

E-commerce Application Development for Go-RIDE

- Developed an interactive e-commerce platform enabling users to browse, book and pay for vehicles online while managing bookings and feedback through a streamlined digital system.

ACTIVITIES AND INVOLVEMENT

Football Player, UiTM Kuala Terengganu

- Represented UiTM in multiple tournaments including UniFit 2024, Football Campus League 2024, Suite 2025 and Suite 2026.

Product Idea Innovation (PRIDE) Showcase 13th Edition

- Participated in an innovation contest, designing a smart pet litter box and showcasing it to judges and peers.

Service Learning Malaysia – University For Society (SULAM)

- Served as Committee Member for Service Learning Malaysia (SULAM), organizing and managing a community service event for school students in Kuala Terengganu.

ACHIEVEMENTS

- Dean’s List Recipient Every Semester at Universiti Teknologi Mara (UiTM).
- Awarded Bronze Medal at the Football Campus League 2024 and Silver Medal at the Suite Football Tournament 2025.
- Received the Best Project Award at the Computer and Mathematical Sciences Project Exhibition (COMMAX) 2026.
